

WEATHER APP

MALAIKA KHALID

WHAT MADE ME CHOOSE THIS PROJECT???

This is a sneak peak of my weather app. the soft visuals of this code represent youthful,lightly feminine aesthetics.The pastel colors used in the visuals lead a person to calming and peaceful vibes.i chose this project because i always have location of my closed people in my weather app to make sure if they are adapting different weather conditions, just a thought of this made me create my own Weather App.
